## Breezeway FireONE

is a solution that integrates and manages the entire process from the application of firewall policies to their approval and actual implementation on the firewall.

### ● Key Features

#### Intelligent Security Policy Automation Platform

Automation of the process from policy application to approval by the designated approver.  
Automatic application of user-requested policies to multiple firewalls.  
Automatic review of policy validity and security violations at the application stage to prevent

#### Integrated Operations, Intuitive Firewall Management

Improve management convenience by integrating multiple firewalls into a single platform.  
Maximize operational efficiency by handling applications to management for firewalls from c  
Support intuitive operations by visualizing the network connectivity between firewalls throu

#### Integrated Operations, Intuitive Firewall Management

Integrate and analyze policies and traffic logs from existing firewalls to identify unnecessary  
Enhance operational visibility by visually monitoring the status of firewalls through a dashbo  
Automate security responses by automatically generating and applying response policies for

**Breezeway FireONE은  
방화벽 정책의 신청부터 승인, 그리고 실제  
방화벽에 적용되기까지의 모든 과정을  
통합, 관리해주는 솔루션입니다.**

## ● 특징점

### 지능형 보안 정책 자동화 플랫폼

정책 신청부터 결재 담당자 승인까지 과정 자동화  
여러 방화벽에 사용자 신청 정책을 자동으로 적용  
신청 단계에서 정책의 유효성과 보안 위반 여부를 자동 검토하여 오류 및 위반 사전 차단

### 통합 운영, 직관적 방화벽 관리

여러 방화벽을 단일 플랫폼에서 통합 운영하여 관리 편의성 향상  
벤더가 다른 방화벽도 하나의 시스템에서 신청부터 관리까지 처리하여 운영 효율 극대화  
방화벽 간 네트워크 연결 관계를 토폴로지 맵으로 시각화하여 직관적인 운영 지원

### 진단

신청 이력 리포트와 로그 기반 대시보드 제공을 통해 관리자 현황 파악 용이  
감사 대응이나 보안 점검 시 빠른 자료 준비 가능  
A.I를 이용하여 진단영역에서 발견된 취약점에 대한 정책을 자동으로 방화벽에 적용
